

Protecting our most vulnerable...

CARE Program:

Aransas Pass is a choice location for a diverse audience of residents including retirees and those with special or particular needs. Working in cooperation with our Fire Department and Emergency Medical Service, we developed the CARE Program to assist. This program is designed to deliver crucial information into the hands of public safety officials quickly during one's most critical time of need. To enroll an individual in this program please fill out the CARE registration form online, listing the particular needs or vulnerability and provide any available documentation. This way we are prepared in the event we are summoned for emergency services or we encounter your loved one in the field. Examples of those intended for this program include individuals suffering from Alzheimer's, dementia, autism, or other serious mental health or physical disabilities.

Scan the QR code or visit police.aptx.gov/care to fill out the form and enroll a loved one.

Message from the Chief:

As the City's Public Safety Director and your Chief of Police, I welcome you to the City of Aransas Pass. You're part of a wonderful community that has a close working partnership with their public safety entities. In this flyer, I will introduce you to just a few of the many services we provide. As always, I am available to you for a visit at 600 Cleveland Blvd., phone call 361-758-5224, or email chief@aptx.gov.

Keep informed, stay safe, and God Bless.

-Eric Blanchard
